Project Submittal Checklist

☐ **Project Information**

- Site Address
- Estimated Volume/Tonnage
- Reason the proposed material was generated (e.g. remediation, development, etc.)
- Due dates if bidding and/or estimated project start date

☐ **Site History**

- Brief narrative of site use / site history
- If material is being generated as part of a remediation, please provide the relevant case/incident number/environmental agency number (e.g. PI, OER, BCP, etc.)
- All previous environmental investigation/assessment reports, if available

☐ **Representative Waste Class Sample Data (if Available)**

- PDF Lab Report Package with the Chain of Custody
- (Recommended) Corresponding Excel spreadsheet – to assist in expediting review

☐ **Site Map**

- Locations and depths the proposed sample(s) was/were collected from
- Area and Depth of Excavation associated with the proposed material

☐ **Additional Documents Required for Project Approval**

- Generator Waste Profile form
- Agent Authorization Form
